

# I Wish You Were Beer

Dustin Lynch

If you were just another hangover  
Baby, I'd already be over you, over you  
If you were just a two for one  
I wouldn't have to face the sober truth, the sober truth  
If you were just one in a pack of twelve  
I could grab another one off the shelf  
I wouldn't think twice, baby I wish you were beer  
I wish I was drinking  
I wish you were here  
But since you ain't I've been thinkin'  
I wish I could let go  
And you'd just disappear  
If you gotta be that cold  
If you gotta be that cold  
I wish you were beer  
I wish you were beer  
If you were just a Saturday night  
You'd just be a blur on Sunday morning, Sunday morning  
But you're not, you're sticking around  
You tangle me up, you're bringing me down  
You make it look easy, movin' on fast  
You hurt so good, that it hurts so bad I wish you were beer  
I wish I was drinking  
I wish you were here  
But since you ain't I've been thinkin'  
I wish I could let go  
And you'd just disappear  
If you gotta be that cold  
If you gotta be that cold  
I wish you were beer  
Oh, I wish you were beer, yeah  
If you were just one in a pack of twelve  
I could grab another one off the shelf  
I wouldn't think twice, baby I wish you were beer  
I wish I was drinking  
I wish you were here  
But since you ain't I've been thinkin'  
I wish I could let go  
And you'd just disappear  
If you gotta be that cold  
If you gotta be that cold  
I wish you were beer

Oh, I wish you were beer  
If you gotta be that cold  
I wish you were beer
