

# Wonderland

Emma Bale

[Verse 1]

Run around for days  
Frozen in this place  
You're so cold live  
You say you will be saved  
In unexpected ways in raise of life  
Owoah

And you told me you will find  
The blue was a piece of sky  
Here in your wonderland, in your wonderland  
But the only thing you'll find  
Is cloud a toxic mind  
Here in your wonderland, here in your wonderland

Oehoehoe oehoehoeohoe

[Verse 2]

Up and down this streets  
Walking to the beat of cold, cold hearts  
Hollow empty eyes, staring into my, so so far away

And you told me you will find  
The blue was a piece of sky  
In your wonderland, here in your wonderland  
Cause the only thing you'll find  
Is cloud a toxic mind  
In your wonderland, here in your wonderland

Ooeehoe wonderland  
Ooeehoe wonderland  
Ooeehoe wonderland  
Ooeehoe wo-wonderland  
Ooeehoe wonderland  
Ooeehoe wo-wonderland  
Ooeehoe wonderland  
Ooeehoe wo-wonderland

And you told me you will find  
The blue was a piece of sky

In your wonderland, here in your wonderland  
Cause the only thing you'll find  
Is cloud a toxic mind  
In your wonderland, here in your wonderland  
Wonderland, wo-wonderland  
Wonderland, wo-wonderland
