

Puedes Ver Pero No Tocar

Sofía Reyes

Oh yeah I see you over there smiling
Deliveries around boy you ain't trying
Tired of waiting, show me something
What you gonna do
You and I boy we both been vibing
Make a move, its the perfect timing
There is something special
Something about me and you

Don't be shy I'm just chillin' with my besties
Come over here and I'll tell you what the rest is
You wanna learn I'll teach you how to play the game

Puedes ver pero no tocar
Make some time show me who you are
'Cause you tell me that you want me and
You need me but you never make up your mind
Puedes ver pero no tocar
You're so close but you're just so far
Come on be the one I'm waiting that I'm needing
Don't be scared to show me a sign
Puedes ver pero no tocar

Dime ¿por qué sigues dudando?
Quieres más pero estas jugando
Sabes que el siguiente paso lo das tã°

Don't be shy I'm just chillin' with my besties
Come over here and I'll tell you what the rest is
You wanna learn I'll teach you how to play the game

Puedes ver pero no tocar
Make some time show me who you are
'Cause you tell me that you want me and
You need me but you never make up your mind
Puedes ver pero no tocar
You're so close but you're just so far
Come on be the one I'm waiting that I'm needing
Don't be scared to show me a sign
Puedes ver pero no tocar

Lo que dice el corazã³n

No hace caso a la razón
Ya no tengas miedo
Que yo no me voy
Que aquí- estoy

Puedes ver pero no tocar
Make some time show me who you are
Because you tell me that you want me and
You need me but you never make up your mind
Puedes ver pero no tocar
You're so close but you're just so far
Come on be the one I'm waiting that I'm needing
Don't be scared to show me a sign
Puedes ver pero no tocar
