

Brand New Day

Kari Kimmel

[Verse 1]

I'm taking off, taking off for the weekend
Sailing away, I'm getting away
I'm gonna find out what I have been missing
Catching my dreams, so nothing can stop me now

[Chorus]

I'm moving on, the sun is shining
It's a brand new day
I, I am go, we're living the moment
And it's a brand new day, ooh, ooh, whoo

[Verse 2]

You can try, but you're not gonna catch me
I'm taking a ride, taking all of my chances
I'm living life, I'm living it up
I'm breaking the rules, oh, nothing can stop me now

[Chorus]

I'm moving on, the sun is shining
It's a brand new day
I, I am go, we're living the moment
And it's a brand new day, ooh, ooh, whoo

[Bridge]

Yeah, I'm gonna tell ya
That everything is looking up
Beautiful, like a dream
Wouldn't change anything
'Cause I got ya, I got ya, I got you
Everything's perfectly just the way it should be
'Cause I got ya, I got ya, I got you
This is my fairy tale, I don't need a wishing well
'Cause I got ya, I got ya, I got you

[Chorus]

I'm moving on, the sun is shining
It's a brand new day
I, I am go, we're living the moment

And it's a brand new day

[Outro]

I'm moving on, the sun is shining

It's a brand new day

I, I am go, we're living the moment

And it's a brand new day
