

Whenever

The Black Eyed Peas

[Verse 1: Fergie]

Love, through the trees, past the sky
Beyond the Northern lights
You will see, my delight
Reflecting in your eyes
And I won't let go, if you wait for me
Whenever, whatever
And then you, select the destination
Whatever, whenever
And we'll go
Whatever, whenever
And we'll go

[Chorus: will.i.am]

I want, I want, I wanna
Love forever, love forever, baby
Wherever, wherever you wanna go (oh one day)
To do whatever, do whatever baby
Wherever, wherever, forever together

[Verse 2: Fergie]

I fell asleep, don't know why
You let me come alive
You and me, we collide
Ignite the starry fire
And you warm me up, and you wait for it
Whenever, whatever
And then you, you wake me up, and you wait for it
Whenever, whatever
I wanna go
Whatever, whenever
I wanna go
Whatever, whenever

[Chorus: will.i.am]

I want, I want, I wanna
Love forever, love forever, baby
Wherever, wherever you wanna go (oh one day)
To do whatever, do whatever baby

Wherever, wherever, forever together

[Bridge: will.i.am]

Wherever, whatever, whatever, whatever

Whatever, whatever, whatever, whatever

[Verse 3: will.i.am]

I love you forever, and ever, and always I love you
Whenever, you need me, I'll be right there by you
Whenever, you call me, I'm there when you call
Whenever, you're fallin, I'm there when you fall
Wherever, you going, I'll be right there showing
Our love's always growing and growin and growing
I know that you knowin, there's no need for guessin
When I am requested, I'm there with no questions asked
I'll go, wherever, whenever
If ever, you need me
I'll be here, forever
