

Best for Last (feat. WALK THE MOON)

The Knocks

How could I ever resist the pull
10, 000 loves that could save my sould
I try but you know I save the BEST for LAST
Won't let your love become the past
Won't let the ghost drive you from your home
Swallow your pride deep/let it go
in the distance there's a calling bell...
into the future I'm running
I'm saving the BEST for LAST
I'm waiting to turnt the tide
I'm saving the BEST for LAST
I'm making up the time
(saving the BEST for LAST)
In the distance there's a calling bell
Into the furure through the hounds of hell
Into the fire you're a falling star
in your eyes oh, I see it all
How could I ever resist the pull
They told me love it would save my soul
I try, but you know I save the BEST for the LAST
Im breaking away now
I'm saving the BEST for LAST
I'm waiting to turnt the tide
I'm saving the BEST for LAST
I'm making up the time
(making you the time)
Im breaking away now
I'm saving the BEST for LAST
I'm waiting to turnt the tide
I'm saving the BEST for LAST
I'm making up the time
I'm saving the BEST for LAST
I'm saving the BEST for LAST
