

# First Time Again

Jason Aldean & Kelsea Ballerini

The mention of your name  
That's all it takes  
My heart re-breaks  
My whole world shakes  
And it's flashback driveway pouring rain  
Nothing I can do, nothing I can say  
To slow you down  
And right now It's like the first time watching you walk away  
Begging baby please just stay  
Feeling every second of the clock tick by  
On an endless night  
The first time seeing you with someone new  
Dying inside trying to play it cool  
It don't matter how long it's been  
I'm always missing you  
For the first time again  
Yeah, you could start with an old song  
Feeling you come on  
We could be at a party  
Seeing everybody  
And I'm right back wishing you were right back here  
Wishing that missing you would just disappear  
But it don't and it won't  
And baby here I go It's like the first time watching you walk away  
Begging baby please just stay  
Feeling every second of the clock tick by  
On an endless night  
The first time seeing you with someone new  
Dying inside trying to play it cool  
It don't matter how long it's been  
I'm always missing you  
For the first time again  
Oh, for the first time again  
It don't let up, it don't get better  
Hell it just might last forever  
But it all takes me back  
It all takes me back To the first time watching you walk away  
Begging baby please just stay  
Feeling every second of the clock tick by  
On an endless night  
The first time seeing you with someone new  
Dying inside trying to play it cool

It don't matter how long it's been  
I'm always missing you  
For the first time again  
I'm always missing you  
For the first time again  
For the first time again
