

# Is That for Me (Sylvain Armand Remix)

Alesso & Anitta

Is that for meOooh Come a little bit closer  
Come and get a little piece of mine, yea  
Let me, take over  
Nothing wrong with feeling right  
Oh no, don't be selfish  
It's getting late look at the time  
Been thinking 'bout it all day, what we gon' do about it tonightUp against the wall, up against  
the wall  
No holding back now  
No tapping out now  
No turnin' back now  
Catching feelings no, catching feelings no  
Let's go away now  
Savor the taste now  
Wanna know now...  
Is that for me  
Is that for me  
Is that for meOooh lemme back up on it  
Hold on we going for a ride, yea  
'Ready know you want it  
Know you wanna take all my time  
But you can't be stingy  
Gotta gimme gimme what I like  
Been thinking 'bout it all day, what we gon' do tonightUp against the wall, up against the wall  
No holding back now  
No tapping out now  
No turnin back now  
Catching feelings no, catching feelings no  
Let's go away now  
Savor the taste now  
Wanna know now...  
Is that for me  
Is that for me  
Is that for meIs that for me  
Is that for me
