

Worship

Lizzo

[Intro]

Oh, here it goes

[Verse 1]

I feel like fire, I feel like rain
I can take you higher, but you gotta earn it

[Pre-Chorus]

Woo, I'm lit, don't mess with it
Woo, stand back, let me do my shit
Woo, I'm lit, don't mess with it, woo

[Chorus]

Hands to the sky, show me that you're mine
Hands to the sky, show me that you're mine
And baby, worship me
Worship me
On your knees
Patiently, quietly, faithfully, worship me

[Verse 2]

Feel that lightning down in my soul
And if you wanna feel the thunder, baby
Better let me know
Let me know

[Pre-Chorus]

Woo, I'm lit, don't mess with it
Woo, stand back, let me do my shit
Woo, I'm lit, don't mess with it

[Chorus]

Hands to the sky, show me that you're mine
Hands to the sky, show me that you're mine
And baby, worship me
Worship me (uh-huh)
On your knees
Patiently, quietly, faithfully, worship me

[Bridge]

Oh, here it goes, okay
Stop and smell my roses, posies
Appreciate my poses, they know
I'ma fanfare like the star-spangled
Oh, say, can you see my angles?
'Cause I'm hotter than the, I'm hotter than the stovetop
You can put your kettle on, but I'ma make the thing pop
No, I ain't talkin' 'bout my word, just my work
You can add it all up while I'm beefin' up my purse

[Chorus]
Hands to the sky, show me that you're mine
(Make me believe it)
Hands to the sky, show me that you're mine
(Oh, yeah)
And baby, worship me (worship me)
Worship me (get it together, make it feel good)
On your knees
Patiently, quietly, faithfully, worship me
