Think About You (feat. Valerie Broussard)

Kygo

We been quiet
Said we'd try it
For a whileBut that was years agoIf you see me, if I see you
A part of me hopes that we do, no
Say everything we wanted to
After all this timeI cut the tree down that we grew
You know the one we carved our names into?
Still, I can't go back to the places we knew
'Cause they ask me if I still think about youOnly all the time
(Still think about you)
(Think about you)
Only all the time
(Still think about you)
(Think about you)
Only all the time
Only all the time(Still think about you)
(Think about you)
Only all the time(Still think about you)
(Think about you)
Only all the time(Still think about you)
(Think about you)
Only all the timeHometown drivin'
Autopilot
My phone's on silent
In case you call
If you see me, if I see you
A part of me hopes that we do, no
Say everything we wanted to
After all this timeI cut the tree down that we grew
You know the one we carved our names into?
Still, I can't go back to the places we knew
'Cause they ask me if I still think about youOnly all the time
(Still think about you)
(Think about you)
Only all the time, time, time, time(Still think about you)
(Think about you)
Only all the time(Still think about you)
(Think about you)
Only all the time(Still think about you)
(Think about you)
Only all the time(Still think about you)
(Think about you)

Only all the time(Still think about you)
(Think about you)
Only all the time
