

Been a While

Sam Feldt

It's been a while
Since I let you
Cross my mind
I can let you run
How could i let you go
Haven't seen you around for a while
How could i let you go
Haven't seen you naked for a while
It's been a while
since i let you
drive a round
I could choose you, lover
How could i let you go
Haven't seen you a round for a while
And how could i let you go
Haven't seen you naked for a while
Haven't seen you round here for a while
Haven't seen you naked for a while
