

I'm a Mess

Ed Sheeran

Oh, I'm a mess right now
Inside out
Searching for a sweet surrender
But this is not the end I can't work it out
How going through the motions
Going through us And oh I've known it for the longest time
And all of my hopes
All of my own words
Are all over written on the signs
But you're on my road
Walking me home, home, home, home, home
See the flames inside my eyes
It burns so bright I wanna feel your love, no
Easy baby maybe I'm a liar
But for tonight I wanna fall in love
And put your faith in my stomach I messed up this time
Late last night
Drinking to suppress devotion
With fingers intertwined I can't shake this feeling now
We're going through the motions
Hoping you'd stop And oh I've only caused you pain
I know but all of my words will always below
Of all the love you spoke
When you're on my road
Walking me home, home, home, home, home
See the flames inside my eyes
It burns so bright I wanna feel your love, no
Easy, baby, maybe I'm a liar
But for tonight I wanna fall in love
And put your faith in my stomach And for how long I love my lover
For how long I love my lover and now, now
For how long, long I love my lover now, now
For how long, long I love my lover now, now For how long, long I love my lover now, now
(And I feel love)
For how long, long I love my lover now, now
(I feel it all over now, now and I feel love)
For how long, long I love my lover now, now
(I feel it all over now, now and I feel love)
For how long, long I love my lover now, now
(I feel it all over now, now and I feel love)
For how long, long I love my lover now, now
(I feel it all over now, now and I feel love)

For how long, long I love my lover now, now
(I feel it all over now, now and I feel love)
For how long I love my lover now, now
For how long, long I love my lover
