

# Treat Her Like a Lady

## The Temptations

Ooh-ooh-oh-ooh-oh-ooh-  
Ooh-ooh-oh-ooh-  
Ooh, yeah, baby  
Whoa-whoa-oh-oh-  
Mmm-Now I-m the kinda guy who don't believe  
That chivalry is dead, no  
'Cause I believe a woman should be treated  
With the utmost respect, mmm-hmm-Don't be afraid, don't turn and walk away  
I wanna get to know ya, well  
Don't be ashamed, don't say that love's to blame  
Just come and look me over You'll find a heart that you've always been lookin' for  
How could anybody ask for much more, woo-hoo-  
Now I like openin' doors  
Pickin' up [Yeah] her hanky [Yeah] off the floor  
Treat her like a lady  
Light her cigarette if she smokes  
Even [Help her with her coat], well  
Treat her like a lady In this world of liberation  
It's so easy to forget, mmm-  
That it's so nice to have a man around  
To lend a helping hand, you can bet, bet you can, baby When I was young, my mama used to  
say, Boy  
A woman's like a flower, with love on her you shower  
Ever since that day, her words never went away  
I always will remember to treat my baby tender You'll find a heart that you've always been  
lookin' for  
How could anybody ask for much more, whoa-ooh-ooh-  
Now I like openin' doors  
Pickin' up [Yeah] her hanky [Yeah] off the floor  
Treat her like a lady She's a bad son-of-a-gun  
I'm her lovin' Don Juan  
Treat her like a lady Ooh-hoo-hoo-hoo-hoo-ooh-  
Whoa-oh-oh-  
Hey-hey-  
Whoa-oh-oh-oh-oh-baby  
Every day, ever way  
Hey, hey  
Hey, hey, hey, hey, hey You'll find a heart that you've always been lookin' for  
How could anybody ask for much more, whoa-whoa-oh-ooh-Now I like openin' doors  
Pickin' up [Yeah] her hanky [Yeah] off the floor  
Treat her like a lady  
Light her cigarette if she smokes

Even [Help her with her coat], help her out  
Treat her like a lady Compliment her on her hair  
Even help her with her chair  
Treat her like a lady  
Now boy, you should remember  
To be a gentleman (You better) Treat her like (Well), treat her like (Ho)  
Treat her like a lady (Treat her like a lady)  
Treat her like, treat her like (Hey-ey-)  
Treat her like a lady (Treat her like a lady) Treat her like (Well), treat her like  
Treat her like a lady (Treat her like a lady)  
Treat her like, treat her like (Ooh-hoo-)  
Treat her like a lady (Hoo-hoo-oh, my, my, treat her like a lady)
