

# That's More Like It

## Selena Gomez & The Scene

When I wanted you, you would not reciprocate  
When I needed you, you would always show up late  
But things have changed and I've got the upper hand  
You come running, I've got you eating out of my hand That's more like it, yeah, that's more like it

Make my dinner and bring it to me  
That's more like it, that's more like it  
Yeah, that's more like it, yeah, that's more like it  
I say where and when it happens  
That's more like it!  
That's more like it!

(That's more like it, that's more like it)  
When my birthday came, you would not remember it  
When I talked to you, you were never listening  
But tables turn and it's great to be on top  
Got you trained to appreciate the good that you've got That's more like it, yeah, that's more like it

Make my dinner and bring it to me  
That's more like it, that's more like it  
Yeah, that's more like it, yeah, that's more like it  
I say where and when it happens  
That's more like it!  
That's more like it!

(That's more like it, that's more like it) I like chocolate and I like daisies  
Maybe you better write this down  
I love cashmere and I want diamonds  
I'm ready for my massage right now  
Oh, right now

That's more like it, yeah, that's more like it  
Make my dinner and bring it to me  
That's more like it, that's more like it  
Yeah, that's more like it, yeah, that's more like it  
I say where and when it happens  
That's more like it!  
That's more like it!

(That's more like it, that's more like it)
