

Sound of Walking Away (feat. Kerli)

Illenium

I've been quiet aside you
While my heart in my chest shouts
Feeling silenced and lied to
But enough is enough Don't come find me, I won't be here waiting
I so can do it alone, you're not worth staying Weren't listening but now there's no way you won't
hear
There's a voice emerging in the night so loud and clear
I'll turn it up like you turn me down, I'm not afraid
Hit play, hit play
It's the sound of walking away
It's the sound of walking away
It's the sound of walking away
It's the sound of walking away I've been drowning inside you
While my love it just pours out
I've been running behind you
But enough is enough Don't come find me, I won't be here waiting
I so can do it alone, you're not worth staying
Weren't listening but now there's no way you won't hear
There's a voice emerging in the night so loud and clear
I'll turn it up like you turn me down, I'm not afraid
Hit play, hit play
It's the sound of walking away It's the sound of walking away
It's the sound of walking away
