

Better Off Now (That You're Gone)

Lady Antebellum

I threw away a lifetime you laughed and called it a sin
There ain't ever gonna be a way to work it out not after a night like this I've been waiting on
your call now just the silence and me
I know you want me to chase you around but I'm so tired of asking you please I'm through with
this I'll forget your kiss and move on
There will be no sleepless nights I'll be alright from now on
I'm better off now that you're gone Better off now that you're gone You put me so far down girl
I couldn't even stand on my own
Ghosts of you would come back to me whenever I was alone Now the candles have all burned
out and the doors are locked and chained
Have no doubts this time I've figured out a way to end all your games I'm through with this I'll
forget your kiss and move on
There will be no sleepless nights I'll be alright from now on
I'm better off now that you're gone Better off now that you're gone Nights spent with empty
bottles and picking up broken glass
Well I should have known from the very first night that this just never would last
I'm through with this I'll forget your kiss and move on
There will be no sleepless nights I'll be alright from now on
I'm better off now that you're gone Better off now that you're gone
So much better off now that you're gone
