

Beautiful (feat. DaVido & Love Ssega)

Clean Bandit

Ooh yeah

Skrr

Eh, I'm getting moved on from the bullshit
Eh, and now you see me on some new shit
But don't forget, I never gave up, I never gave up
Eh, but now I got my cake up and I'm fucking famous

If she tells you that she loves you oh
(She loves you, loves you, loves you)
And she'll never let you go, never let you go
If she tells you that she loves you oh
(She loves you, loves you, loves you)
I can't make it beautiful (One, two three, four)
Beautiful

I got what you need, yeah
What you drinkin', it's on me, yeah
You can lean on me, yeah
Everything's on me, yeah

I said ooh, baby dancer
I wanna do what I can, girl
For you I'ma [?]
For you I'ma stand up
Oh she be gangster
But for real we're no planners
Don't say baby leave town
We're needin' an answer

If she tells you that she loves you oh
(She loves you, loves you, loves you)
And she'll never let you go, never let you go
If she tells you that she loves you oh
(She loves you, loves you, loves you)
I can't make it beautiful (One, two three, four)
Beautiful

I got what you need, yeah
What you drinkin', it's on me, yeah
You can lean on me, yeah
Everything's on me, yeah

I'm gonna pray that our minds our the same
Givin' you more like you callin' my name
I'm gonna pray that your heart is to blame
Beautiful you in your beautiful way

I'm gonna pray that our minds our the same
Givin' you more like you callin' my name
I'm gonna pray that your heart is to blame
Beautiful you in your beautiful way

(One, two three, four)

If she tells you that she loves you oh
(She loves you, loves you, loves you)
And she'll never let you go, never let you go
If she tells you that she loves you oh
(She loves you, loves you, loves you)
I can't make it beautiful
Beautiful

I got what you need, yeah
What you drinkin', it's on me, yeah
You can lean on me, yeah
Everything's on me, yeah

I got what you need, yeah
What you drinkin', it's on me, yeah
You can lean on me, yeah
Everything's on me, yeah
