

Turn the Music Up

NF

Red Bull in my hands, feels like I got wings
Lotta people in my face, but I can't hear a thing
It's like my heads up in the clouds, heads up in the clouds
And I ain't coming down, no Just turn the music on, just let me get lost
I swear that Ima lose it if somebody turns it off
What are you out your mind?
You must be out your mind Just turn the music up, turn the music up
Turn the music up Snapback on my head, I'm so motivated
Nike's on my feet, understand the situation
This is not a game, this is not a game
You ain't gon' bring me down, no
Yeah I mean what I say, and I say what I mean
You best wipe off that hater look before you make me scream
What are you out your mind?
You must be out your mind
I got the adrenaline
Rhyme like I'm a veteran
Fine, I've been ahead of the Game, no way I'm settlin'
Drained, but I'ma get it in
Lame this is a medicine
Hey, you get the medic kit cause
Beats, I don't let 'em live
Fast, better keep pedalin'
Blast you with the pen again
Laugh, but I'm ahead of them
Act, like I don't get it then
That is when I enter in
Rap until I never can
Cash, it is irrelevant
Passion is the element
Laps around these other men
Pass 'em, who you runnin' with
Facts, is what I'm coming with
Back, but I ain't never left
Swift, but I will never get
Wack, you better get a grip
Last isn't a medal it's glass and I'ma shatter it
Who do you think you battling?
Who do you think you laughing at?
I am not a comedian, man it don't even matter
If you don't know what I'm saying, you better do what the says
You don't know what the says? Turn the music up

You must be out your mind
Turn the music up
You must be out your mind
Turn the music up
You must be out your mind
Turn the music up You must be out your mind
Turn the music up
You must be out your mind
Turn the music up
You must be out your mind
Turn the music up
