

Follow Me (feat. Joshua Radin)

Syn Cole

[Verse 1]

Stepping out at the lights
All alone, stuck inside
The only way you need to find
Is the only one you've never tried
Leave it all behind until you can't remember
Come along, I'll show you how

[Chorus]

If you follow me 'Til we are one
I will follow you
'Til the darkness fades into the sun
It fades away, away, 'Til we are one

[Verse 2]

You've been told to take it slow
Made to hold, scared to show
The only card you had to play
Is your lonely heart you've thrown away
Leave it all behind until you can't remember
Come along, I'll show you how

[Chorus]

If you follow me 'Til we are one
I will follow you
'Til the darkness fades into the sun
It fades away, away, 'Til we are one
