

1000 Things

Jason Mraz

And I'm, I'm over-joyed
And I'm, I'm over-loved
And I'm feeling lucky like a little boy
Who's hiding under cover
And looking to discover
Every way to play the part inside this darkened cave
The meaning of life, well it starts at the night light
Close your eyes and I hope you see mine
And I've, well I've seen a thousand things in one place
But I stopped my counting when I saw your face
Erasing memory, well I feel as though I've never seen a face before
Until I saw your eyes
And they're smiling back at me through my tears
I've been counting all these years, oh
Suddenly the thousand things I've seen were nothing more than dreams of
Of you and me
You and me
Quietly at a standstill now
Fortunately you will, well you'll kiss me, I will
I will kiss you back
Oh the fact of the matter is
And I don't know what the latter is, oh no way
See, I've always wanted to kiss you
But I, I always wanted to run from you
Because I've always wanted to miss you
And I, I always wanted to comfort you Well I love my comfort foods, you said
While you always say, How do you do?
