

# A Bitch I Knew

## Snoop Dogg

Yeah, that's right, I like that  
The royal penis is clean Your Highness  
Thank you, uh uh, Snoop, Kells  
You know how we get down I pull up, dip low in the Phantom with the wheels spinnin'  
Ladies like that's that shit  
I'm in the back of the club blowin' trees  
Hands up, head bobbin' like that's that shit In the spot where the girls go wild, dancing titty bar style  
I'm like that's that shit  
Snoop Dizzle, hey! Your boy Kells, hey!  
Let me hear you say that's that shit Let's get this party jumpin', me and Kel gon' get it bumpin'  
They humpin' like when it's over, we gon' all get into somethin'  
The Dogg is fresh, Southside without a vest  
Nothin' on my chest but these ladies up out the Midwest  
I must confess that in the Chi you so blessed  
Leaving nothing on my mind but Doggy, you and safe sex  
This ain't a test you fucking with a cold mess  
Meet me in Chicago let me get you to this real West It's real strong, real fat and real long  
Doggies in the building holdin' something they can feel up on  
And once they get it something they can build up on  
Take that skinny nigga home, work that filling till it's gone Get that home grown put that shit on  
Daddy long  
I know how you ladies do it T-shirt with no panties on  
Let's get this shit crackin', Kell and Doggy Dogg in action  
If you in here all alone you might get this dog bone I pull up, dip low in the Phantom with the wheels spinnin'  
Ladies like that's that shit  
I'm in the back of the club blowin' trees  
Hands up, head bobbin' like that's that shit  
In the spot where the girls go wild, dancing titty bar style  
I'm like that's that shit  
Snoop Dizzle, hey! Your boy Kells, hey!  
Let me hear you say that's that shit Dippin' low, Six-Four hundred spokes and chronic smoke  
All these ladies on the floor 'cause they know what we in here for  
Dogg and Kelly came to ball, get your ass up off the wall  
Let that middle wiggle, now make that shit fall Not just one, but all y'all, move it like you want it all  
Let me see you bounce it for me, work that shit for Doggy Dogg  
You gots to do it, is that your crew? Bring 'em too  
Come here let me take you through it, then once Kelly get into it We can get this after party poppin' everybody  
Got themselves another body

Knockin' out without protection though that's my confession  
But at the spot if you just think you're gonna listen you can drop it like it's hot  
Hold up, I came to cool out, lay back and get blown  
Maybe Henny, maybe gin, a couple shots of Patron  
And if you didn't you missed it but now it's known  
That this that shit, Kells sing that song, c'mon  
I pull up, dip low in the Phantom with the wheels spinnin'  
Ladies like that's that shit  
I'm in the back of the club blowin' trees  
Hands up, head bobbin' like that's that shit  
In the spot where the girls go wild, dancing titty bar style  
I'm like that's that shit  
Snoop Dizzle, hey! Your boy Kells, hey!  
Let me hear you say that's that shit  
So if you think you got the bomb, shit, holla at a playa  
Holla at a playa, holla at a playa  
And if you lookin' for some good sex, holla at a playa  
Holla at a playa, holla at a playa  
Girl if you ever in the 312, holla at a playa  
Holla at a playa, holla at a playa  
And if you're ever in the 213, holla at a playa  
Holla at a playa, holla at a playa  
I pull up, dip low in the Phantom with the wheels spinnin'  
Ladies like that's that shit  
I'm in the back of the club blowin' trees  
Hands up, head bobbin' like that's that shit  
In the spot where the girls go wild, dancing titty bar style  
I'm like that's that shit  
Snoop Dizzle, hey! Your boy Kells, hey!  
Let me hear you say that's that shit
