

WHERE TO FIND ME

HARDY

[Verse 1]

Kodiak lip packed, Busch Light six pack
Buzz, bay, thick bass hung up on the hook
The truck muddy, somethin' funny, rolled up
Up and country music in the country, buddy, I could write the book
I got a boondock education
A dirt road church rock dedication
Yeah, when it comes to my location
We all already know where I be stayin'

[Chorus]

I be stayin' in the woods or on the water
Top of a hill, down in a holler
Anywhere where I can unwind, drink a beer
Disappear, put the world behind me
Y'all, I was born in Mississippi
I'm a redneck, I'm a hick, I'm a hippie
So if the sun's in the sky, if the red white and blue still flies
If the day ends in Y, you know where to find me
The middle of nowhere
The middle of nowhere
Yeah, you know where to find me
The middle of nowhere
The middle of nowhere
Check it

[Verse 2]

I prefer to kick it south of the Mason Dixon
I prefer my chicken fried chicken with some fixins
I'm a product of a southern breeze swayin' them pine trees
Y'all, I can't help it if I always wanna be...

[Chorus]

In the woods or on the water
Top of a hill, down in a holler
Anywhere where I can unwind, drink a beer
Disappear, put the world behind me
Y'all, I was born in Mississippi
I'm a redneck, I'm a hick, I'm a hippie
So if the sun's in the sky, if the red white and blue still flies

If the day ends in Y, you know where to find me
The middle of nowhere
The middle of nowhere
Yeah, you know where to find me
The middle of nowhere
The middle of nowhere
Check it

[Bridge]

Rockin' that dirt stain on my feet
Sweatin' bullets, neck, I'm takin' the heat
Friday football crowds at the small town
With a couple of places to eat
Whippoorwills, apple pie's in the windowsill
Tractor tires and a rope hung on the oak
If you're lookin' for me, then you already know...

[Chorus]

I'm in the woods or on the water
Top of a hill, down in a holler
Anywhere where I can unwind, drink a beer
Disappear, put the world behind me
Y'all, I was born in Mississippi
I'm a redneck, I'm a hick, I'm a hippie
So if the sun's in the sky, if the red white and blue still flies
If the day ends in Y, you know where to find me
The middle of nowhere
The middle of nowhere
Yeah, you know where to find me
The middle of nowhere
The middle of nowhere
Yeah, you know where to find me, yeah
The middle of nowhere
The middle of nowhere
Yeah, you know where to find me
The middle of nowhere
The middle of nowhere
Yeah, you know where to find me
