

She's Desire

Brett Kissel

It could stop a heart
Start a war
Leave the richest man
Wanting more
It'll make you break the law
There ain't a line that you won't cross

She's desire
Smoke and fire
Once you find her you can't get her
Out of your head
Hands are shaking
Wanting, waiting
Can't deny her
She's desire

I would drive all night
To taste her kiss
Just to get that high
Off her lips, yeah
Consumed, out of control
I would offer up my soul

She's desire
Smoke and fire
Once you find her you can't get her
Out of your head
Hands are shaking
Wanting, waiting
Can't deny her
She's desire
She's desire

She's got the best of me
Whatever I have left of me

She's desire
Smoke and fire
Once you find her you can't get her
Out of your head

Hands are shaking
Wanting, waiting
Can't deny her
She's desire
She's desire
She's desire
