

# Seen It All

Jake Bugg

One Friday night I took a pill or maybe two  
Down at the car park I saw everyone I knew  
And before the night was started we had planned to crash a party  
Just a place that someone knew  
A local house belonging to a gangster's crew And at the door they shone a light into my face  
Have to admit I felt a little out of place  
But I made my way inside past a thousand crazy eyes  
Then a friend took me aside said everyone here has a knife  
I've seen it all, I've seen it all now  
I swear to God I've seen it all  
Nothing shocks me any more after tonight Those little doves had sent my mind and heart a-  
beating  
To say I felt weird really doesn't need repeating  
I could sense the mounting tension the atmosphere of violence  
And then they took a guy out side  
And someone stabbed him with a knife I've seen it all, I've seen it all now  
I swear to god I've seen it all  
Nothing shocks me any more after tonight  
I've seen it all, I've seen it all now  
I've seen it all, I've seen it all now  
I swear to god I've seen it all  
Nothing shocks me any more after tonight I've seen the light  
But not the kind I would've liked
