

# The Driver

## Bastille

Shout-out from the bottom of my lungs  
A plague on both your houses  
This thing, it's a family affair  
It's drawing out my weakness Big boys don't cry  
They don't ask why  
There was a time when a moment like this  
Wouldn't ever cross my mind  
The sun will rise with my name on your lips  
'Cause everything will change tonight I want to be back on the ground  
Where my feet touch my shadow  
I want to dig my heels in the dirt  
Feel it break between all of my toes  
Anything to stop floating around  
Drag me down back down below  
Take breath and push the anger down  
Try to remember calmness  
Big boys don't cry  
They don't ask why  
There was a time when a moment like this  
Wouldn't ever cross my mind  
The sun will rise with my name on your lips  
'Cause everything will change tonight Hey now, what's the gravity upon your face?  
Aren't I the one who's bleeding?  
Real men, always thinking with our fists  
My turn to be the victim Big boys don't cry  
They don't ask why  
There was a time when a moment like this  
Wouldn't ever cross my mind  
The sun will rise with my name on your lips  
'Cause everything will change tonight  
There was a time when a moment like this  
Wouldn't ever cross my mind  
The sun will rise with my name on your lips  
'Cause everything will change tonight
