

In Time (Sessions@AOL) [feat. Sophie Barker]

Zero 7

All the words are calling
Got time on my own
There's no destination
Wondering whether I'll feel it again
Keep my hands off the wheel
'Cause there's nowhere else to go
Take some time
Just hang around awhile
Like to sit this silent moment out
I don't want to lose or let you down
Time's just gonna change itself around
The autumn leaves are falling
Falling down on me
And there's nothing I can do
And there's nothing I can say
That's gonna change the way I feel
Keep my hands off the wheel
'Cause there's nowhere else to go
Take some time
Just hang around awhile
Like to sit this silent moment out
I don't want to lose or let you down
Time's just gonna change itself around
Take this time
Just hang around awhile
Like to sit this silent moment out
I don't wanna lose or let you down
Time's just gonna change itself
Change itself around
I feel it's true
All alone without you
I feel it's true
'Cause you're running with the wind
And you're running with your life
Won't you come inside
Keep my hands off the wheel
'Cause there's nowhere else to go
Take some time
Just hang around awhile
Like to sit this silent moment out
I don't want to lose or let you down
Time's just gonna change itself around
