

Punches

Noah Cyrus & LP

Honey, it's like my words burned out
I'm trying to put it out
I'm trying but don't know how
Honey, I'm drowning in all my doubt
I'm trying to start again
I've tried but I'm struggling Oh, after all this time got nothing to lose
Oh, after all this time is nothing but you You might say I wasted on you
But when you break, I break for you too
Love can't be this black and blue
But darling, I'll take the punches for you
Punches for you
Punches for you
Love can't be this black and blue
But darling, I'll take the punches for you
Darling, a good intentions
Keep running in circles
I'm fading like a ghost
Oh darling, you're making the same mistakes
I'm trying to start again
I tried but I'm struggling Oh, after all this time got nothing to lose
Oh, after all this time I see nothing but you You might say I wasted on you
But when you break, I break for you too
Love can't be this black and blue
But darling, I'll take the punches for you
Punches for you
Punches for you
Love can't be as black and blue
But darling, I'll take the punches for you
Darling
Darling (darling)
Darling (darling, darling, darling)
Darling Like a match faded in time
Like an old forgotten tomb
I know love has been unkind
But the two of us You might say that I've been rude
But when you break, I'm breakin' too
Love can't be this black and blue
But darling, I'll take the punches for you
Punches for you
Punches for you
Punches for you
Punches for you

(Punches for, punches for)

Punches for you

Punches for you

Punches for you
