

# Lsd (feat. Chance the Rapper)

## Probcause

Surround round round round Purple sky is falling down  
Lost fake trees  
Sharp sounds scream in my ears  
Plastic grass  
Mouth, nose turned around  
Nose look at my eyes.  
Are they all look at me?  
Are they following me? The drug was administered in a drink of water  
Given at the start of each day's exercise  
25 minutes later, the first effects of the drug  
Became apparent. The man began to relax  
I'm lost  
Take a walk to the lake to ease my mind and I wander off  
Tryna get up in my own zone no I don't really want to talk  
Laid back in the grass looking up at marshmallow clouds  
And the sunshine loud but the tree give shade and I'm way too high  
Wanna thank this day wanna make that point that it could've been great  
Could've been bad, could've lost our way  
But we still here and we just won't fade  
See so clear when I'm in this place  
Life is a drug so take a taste  
Lucy Lucy Lucy in the sky with diamonds who I chase  
Purple haze, purple hearts, Mellow Yellow, hello y'all  
Electro Kool Aid cool me down  
Strawberry fields where I make my rounds  
Pick 'em off, eat them fresh  
It's that life and I feel so blessed  
I know there's stress, but I don't wanna hear that mess  
This that nest and I feel the effects, yes  
And I really wanna make this day go go forever  
These revelations got me seeing life like I have never  
So sublime, so just unwind and take this trip with me  
There's something in the water here, lakefront crusin' on LSD  
Purple sky is falling down  
Lost fake trees  
Sharp sounds scream in my ears  
Plastic grass  
Mouth, nose turned around  
Nose look at my eyes.  
Are they all look at me?  
Are they following me? 10 minutes later... Junkie loser, spunky Punky Brewster  
Pockets chunky like they eating Harold's crunchy rooster

I'mma bungie jumper, just wish my knot was looser  
Just wish my knots was not though, hang out, my nights in nooses  
Na na na na hey hey hey goodbye Titans, get outta here  
The god is here, Zeus I Love Lucy deuce me I'm outta spirits  
And we outta beers, and my ears been tripping  
I know some kids been dropping, I know your tears been dripping  
I had an IEP, I'm supposed to be retarded  
Now I'm all on the web, I had to Peter park it  
Still steal from Neiman Marcus, I still get beats from Markus  
I still get deep on records, that's just that Greek catharsis  
Just when it seems the darkest, is when it usually peak  
And when it seems the farthest, is when it's usually sweet  
I only shop on Friday, that's when it's usually cheap  
They said they used to old dudes, well that ain't usually meY'all hello hello y'all  
(Igh! Igh! Igh! Igh!)
