

Shot Through the Heart

Bon Jovi

Shot through the heart
It's all part of the game that we call love
Would you be content to see me crying
After all those little games you put me through
After all I've done for you you're lying
Wouldn't it be nice to tell the truth
Didn't somebody somewhere say
You're gonna take a fall
I gave you everything
Now here's the curtain call
And I am
Shot through the heart as I lay there alone
In the dark through the heart
It's all part of the game that we call love
Now you've come back here to say you're sorry
Ha I just don't know who you're talking to
It could be the man I used to be, girl
But I've grown up and now I'm over you
Standing there just a live wire
With nowhere left to turn
You were gonna set the world on fire
But you never learned?
And I am
Shot through the heart as I lay there alone
In the dark through the heart
It's all part of the game that we call love
Standing there just a live wire
With nowhere left to turn
You were gonna set the world on fire
But you never learned?
And I'm shot...
Baby does what baby please
And baby must have what she sees
But not this time, the tables turned
Baby, you just got burned
And I am
Shot through the heart as I lay there alone
In the dark through the heart
It's all part of the game that we call love
