

Power

Bastille

Aim, throw your best shot right at me
Cause pain, I can take it easily
Did you really think I'd fall to my knees
Just to pray for some sweet simplicity? Cause woah, you're squeezing my heart,
Too hard in your bare hands, they hold too tight
And woah the air is on fire,
This room feels electric caught here in your sights Power, power
I will never understand the power you were holding over me
Power, power
Oh you had it too long, yes you had it too long Pain, just synapses firing in our
Brains, so when you cut me, cut me deep
Hurt the ones you love the most easily
Cause in time we show our Achilles's heels
And woah, you're squeezing my heart,
Too hard in your cold bare hands, they hold too tight
And woah the air is on fire,
This room feels electric caught here in your sights Power, power
I will never understand the power you were holding over me
Power, power
Oh you had it too long, yes you had it too long If you're gonna hit me, hit me harder
(Hit me, hit me harder)
Cause you better knock me out the first time
And if you're gonna do this rip the plaster
(Do this, rip the plaster)
If you're gonna hit me, hit me harder than this Power, power
Blows my mind to think I ever let you hold it over me
Power, power
I will never understand the way I let you hold it over me
Power, power
Well you had it too long, yes you had it too long
Power, oh, oh, power, oh, oh, oh, oh, oh, oh, oh
Power, power
I let you have it too long, yes you had it too long
