

Miss U

Charli XCX

I love you
It's obvious, but people can change
We got bruised We left things undecided and now we're two people
Standin' in the city rain
We're brand new
We turn our backs and walk away (Oh, oh) Even though we're through
I'm always here for you
I know you feel it too
I'm telling you the truth
Some nights, I go back there
Right back where we used to love
I messed up somewhere
Don't know what I keep runnin' from
Don't know what I keep runnin' from
Don't know why I keep runnin'
Don't know why I keep runnin' so far I'm on the other side of the globe
With new friends
With someone else asleep in the sheets but I got you, yeah
Locked up in a part of my brain
Forever, yeah
I can't forget my memories, no Even though we're through
I'm always here for you
I know you feel it too
I'm telling you the truth
Some nights, I go back there
Right back where we used to love
Think I messed up somewhere
Don't know what I keep runnin' from
Don't know what I keep runnin' from
Don't know why I keep runnin'
Don't know why I keep runnin' Sometimes, I miss you when I'm all alone
And even though we both moved on
Sometimes I play your favourite song
I play it on and on
And I, I miss you when I'm all alone
And even though we both moved on
Sometimes I play your favourite song
I play it on and on and on Don't know what I keep runnin' from (All I know, all I know)
Don't know what I keep runnin' from (All I know, all I know)
Don't know why I keep runnin' (I miss you)
Don't know what I keep runnin' from (I miss you, I miss you, I miss you)
(I miss you, I miss you, I miss you)

Don't know what I keep runnin' from (I miss you, I miss you, I miss you)
Don't know why I keep runnin' (I miss you, I miss you, I miss you)
Don't know why I keep runnin'
