

# Beeline

Miquel Brown

Just like a bee  
I'm heading in your direction  
Like a moth to a flame  
I'm thrown toâ€¦yourâ€¦affection  
As you're myâ€¦desire  
The one man I come  
I flyâ€¦to your round  
As you get me your home

I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, beeline  
Nothing is gonna keep us apart  
I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, beeline  
Nothing is gonna keep us apart  
Nothing is gonna keep us apart

Like a bird on a tree  
I soar up too high above you  
Like a snake in the grass  
I'm creeping you fast to love you  
Oh, 'cause I'll be right  
When you least expect  
I'll be right on time  
I'm getting ahead

I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, beeline  
Nothing is gonna keep us apart  
I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, baby, beeline  
Nothing is gonna keep us apart  
Nothing is gonna keep us apart

Just like a eagle fly to nest  
I love you as them their eaglet

Just like a heron flies in the air  
Try to follow you anywhere

I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, beeline  
Nothing is gonna keep us apart  
I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, baby, beeline  
Nothing is gonna keep us apart  
Nothing is gonna keep us apart

Like a bird on a tree  
I soar up too high above you  
Yeah, like a snake in the grass  
Creeping up fast to love you  
Oh, 'cause I'll be right  
When you least expect  
I'll be right on time  
I'm getting ahead

I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, beeline  
Nothing is gonna keep us apart  
I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, baby, beeline  
Nothing is gonna keep us apart  
Nothing is gonna keep us apart

Just like fish that swim in the sea  
My love for you will last eternally  
Just like a whelk hooking a shell  
I'm gonna stay yours in your whole life

I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, beeline  
Nothing is gonna keep us apart  
I make a beeline, beeline  
Flying on the way to your heart  
I make a beeline, beeline  
Nothing is gonna keep us apart

Nothing is gonna keep us apart
