

# Proud

## Marshmello

Hold on, hear me out  
Empty rooms can be so loud  
I just wanna let you know I'm proud I just wanna let you know I'm proud Close your eyes, tune  
them out  
You're right here, with me now  
I just wanna let you know I'm proud  
I just wanna let you know I'm proud I just wanna let you know I'm proud I just wanna let you  
know I'm proud  
I just wanna let you know I'm proud I just wanna let you know I'm proud I just wanna let you  
know I'm proud  
(I just wanna let you know)  
(I just wanna let you know)  
(I just wanna let you know) Hold on, hear me out  
Empty rooms can be so loud  
I just wanna let you know I'm proud  
I just wanna let you know I'm proud Close your eyes, tune them out  
You're right here, with me now  
I just wanna let you know I'm proud  
I just wanna let you know I'm proud I just wanna let you know I'm proud  
I just wanna let you know I'm proud (I just wanna let you know)  
(I just wanna let you know)  
(I just wanna let you know)  
I just wanna let you know I'm proud  
Hold on, hear me out  
Empty rooms can be so loud  
I just wanna let you know I'm proud  
I just wanna let you know I'm proud Close your eyes, tune them out  
You're right here, with me now  
I just wanna let you know I'm proud  
I just wanna let you know I'm proud
