Charli XCX

Wish you could see me when I'm lying in bed
My eyes are blinded by your stars
My blood is blushing so red
(Oh my God)
I can see you in my head again
I don't suppose you should be dead again
Wish you could see me when I'm lying in bed
My eyes are blinded by your stars
My blood is blushing so red
(Oh my God)
I can see you in my head again
I don't suppose you should be dead again
(Let my car run out)
Let my car run out
(I won't scream or shout)
I won't scream or shout
(Let's die together, no one lives forever)
Cause I feel like I'm in heaven, dancing with an angel
(Let my car run out, I won't scream or shout)
Cars burn out, lost my breath now
(Let's die together, no one lives forever)
Cause I feel like I am falling through the clouds
(Let my car run out, I won't scream or shout)
Hope we're on the same wavelength
Hope you don't think that I'm crazy
(Let's die together, no one lives forever)
Beaches and oceans for my baby
Hurry up and come and save me
(Let my car run out, I won't scream or shout)
I can't quite hear what you're saying
Because my body started shaking
(Let's die together, no one lives forever)
Beaches and oceans, Earth is quaking
That's my heart that you were breaking
Wish you could see me when I'm lying in bed
My eyes are blinded by your stars
My blood is blushing so red
(Oh my God)
I can see you in my head again
I don't suppose you should be dead again
Wish you could see me when I'm lying in bed
My eyes are blinded by your stars
My blood is blushing so red

(Oh my God)
I can see you in my head again
I don't suppose you should be dead again(Let my car run out)
Let my car run out
(I won't scream or shout)
I will scream or shout
(Let's die together, no one lives forever)
Cause I feel like I'm in heaven dancing with an angel
(Let my car run out, I won't scream or shout)
Cars burn out, lost my breath now
(Let's die together, no one lives forever)
Cause I feel like I am falling through the cloudsHope we're on the same wavelength
Hope you don't think that I'm crazy
Beaches and oceans for my baby
Hurry up and come and save me
I can't quite hear what you're saying
Because my body started shaking
Beaches and oceans, Earth is quaking
That's my heart that you were breaking(No one lives forever, ever, ever, ever, ever, ever)
(No one lives forever, ever, ever, ever, ever, ever)
(No one lives forever, ever, ever, ever, ever, ever)
(No one lives forever, ever, ever, ever, ever, ever)
(No one lives forever, ever, ever, ever, ever, ever)
