

# Circles

Mariah Carey

[Verse 1]

Ever since you left me  
I've been trying to hide the pain  
Painting on a smile with lipstick  
Putting on a big charade  
So difficult to keep pretending  
It's getting harder everyday  
It's plain to see I'm cold and heartsick  
Since you turned and walked away

[Pre-Chorus]

I just keep going 'round and 'round  
And 'round in circles  
Keep on tumbling down

[Chorus]

Oh boy, my world has changed  
And I don't think I can make it without you  
Nothing's the same  
You got me running around in circles over you  
(Running around in circles over you)

[Verse 2]

Saturday I saw you  
Holding hands with someone new  
Somehow I kept my composure  
Just like everything was cool  
But inside I kept repeating  
Don't you let them see you cry  
So I casually turned my head  
As the tears rolled down my eyes

[Pre-Chorus]

I just keep going 'round and 'round  
And 'round in circles  
Keep on tumbling down

[Chorus]

Oh boy, my world has changed  
And I don't think I can make it without you

Nothing's the same  
You got me running around in circles over you

[Bridge]  
Everything is you  
How can I pull through?  
My heart is consumed, I'm so confused  
Still caught up in you, love can be so cruel  
Baby, don't know how to turn you loose

[Chorus]  
Oh boy, my world has changed  
And I don't think I can make it without you  
No, nothing's the same  
You got me running around  
And running around  
And running around  
Nothing's the same  
Baby, baby, 'cause you  
Got me running around in circles over you  
(Running around in circles over... you)  
Yeah, yeah, yeah
