

# Punching In a Dream

## The Naked and Famous

[Verse 1]

All the lights go down  
As I crawl into the spaces  
Fight, flight, or the screams  
Life tearing at the seams

[Chorus]

Wait  
I don't ever want to be here  
Like punching in a dream  
Breathing life into my nightmare

[Verse 2]

If it falls apart  
I will surely wake it  
Bright lights turn me green  
This is worse than it seems

[Chorus]

Wait  
I don't ever want to be here  
Like punching in a dream  
Breathing life into my nightmare

[Post-Chorus]

Whoa, whoa  
Whoa, whoa  
Whoa, whoa  
Whoa, whoa

[Bridge: Thom Powers]

They'll get through, they'll get you  
In the place that you fear it the most  
In the corner, where it's warmer  
In the face that you wish was a ghost

[Pre-Chorus]

Whoa, whoa  
Whoa, whoa  
Whoa, whoa

Whoa, whoa

[Chorus]

Wait

I don't ever want to be here  
Like punching in a dream  
Breathing life into my nightmare

Wait

I don't ever want to be here  
Like punching in a dream  
Breathing life into my nightmare
