

Color of My Lips (feat. Busy Signal)

Omi

she likes the color of my lips
she... say she really wanna kiss me
She likes the color of my lips
she... say she really wanna kiss me Say you couldn't talk when you saw me at the mall
Gave you my number wasn't sure that you would call
Thought that you was frontin till you click the like button
Can't believe we're talking, we're really talking
Silly conversation, giggling and laughing
I call you my honey bunch, you say sugar darling
Snuggle up to me and then she whisper to me softly
she likes the color of my lips
she... say she really wanna kiss me
She likes the color of my lips
she... say she really wanna kiss me

So meh seh come on come on now baby what ya waitin on
And if you feeling the feeling gyal you need to take my hand
