Love Me or Leave Me Alone (feat. Karen Fairchild)

Dustin Lynch

I've been holding this in
From the very first kiss
And I've been losing my mind
Tryina' keep up like thisBut we both know that there comes a time
And I hate to sound harsh, or unkind
Love me or leave me alone
Hold me or just let me go
Cause I've felt this fire for so long
So baby love me, love me
Love me or leave me alone
If we're just playin' alone
then we're just playin' ourselves
And I don't want you to Rome
Where somebody is
Cause there's magic between you and I
And I hate this impatience of mineSo love me or leave me alone
Hold me or just let me go
Cause I've felt this fire for so long
So baby love me, love me
Love me or leave me alone
Cause we both know that there comes a time
And I hate to sound harsh, or unkindLove me or leave me alone
Hold me or just let me go
Cause I've felt this fire for so long
So baby love me, love me
Love me or leave meJust love me, love me, love me or leave me alone
