

# Bad Reputation

Shawn Mendes

She's got a bad reputation  
She takes the long way home  
And all of my friends've seen her naked  
Or so the story goes  
Mistakes, we all make them  
But they won't let it go  
She's got a bad reputation  
But I know what they don't And I don't care what they say about you, baby  
They don't know what you've been through  
Trust me, I could be the one to treat you like a lady  
Let me see what's underneath  
All I need is you  
She's got a bad reputation  
Nobody gets too close  
A sight of a soul when it's breaking  
Making my heart grow cold  
And into the deeper she's sinking  
I'm begging her "please, don't let go"  
She's got a bad reputation  
But she's all that, all I want though, yeah And I don't care what they say about you, baby  
They don't know what you've been through  
And trust me, I could be the one to treat you like a lady  
Let me see what's underneath  
All I need is you  
Nobody knows the way that I've known her, said  
Nobody knows the way that time has shown us it  
Nobody knows the way that I've known her, said  
She got it bad  
She got it bad  
Nobody knows the way that I've known her, said  
Nobody knows the way that time has shown us it  
Nobody knows the way that I've known her, said  
She got it bad  
She got it bad And I don't care what they say about you, baby  
They don't know what you've been through  
Trust me, I could be the one to treat you like a lady  
Let me see what's underneath  
All I need is you And I don't care what they say about you, baby  
They don't know what you've been through  
Trust me, I could be the one to treat you like a lady  
Let me see what's underneath  
All I need is you She's got a bad reputation

She takes the long way home
