

# Days Gone Quiet

Lewis Capaldi

Now that we're bleeding, broken and scarred  
Thought we were finished and yet here we are  
Stuck in the same place, despite what we overcame  
Sometimes don't it make you wonder  
darling, when will it come to an end?'Cause the price we paid left a mark that stains and I don't  
think I'll ever be the same  
We might have kept the black at bay  
but all around it still remains  
God only knows for evermore, what horizons hold for us in store  
Looks like there's no way around, but I know I'll try somehow  
At least it's all gone quiet for now  
Tomorrow don't mean much, in the waters we wade  
And my secrets are waiting for me when I get to my grave  
'Cause the price we paid left a mark that stains and I don't think I'll ever be the same We might  
have kept the black at bay,  
but all around it still remains God only knows for evermore, what horizons hold for us in store  
Looks like there's no way around but I know I'll try somehow  
At least it's all gone quiet for now  
We might have kept the black at bay, but all around it still remains  
God only knows for evermore, what horizons hold for us in store  
Looks like there's no way around  
Looks like there's no way around  
Looks like there's no way around  
But I know I'll try somehow, at least the days gone quiet for now.
