

# Life Don't Have to Be So Hard

Tracy Lawrence

Don't want to read the paper  
Or turn on the news  
Don't want another helping of the same old blues  
Don't want to call nobody  
Or answer the phone  
What I want is everybody to leave us alone(chorus)  
Let us sit down in the porch swing  
Sip a little ice tea  
Play with the kids in the yard  
Hey it's time to get lazy  
Had enough crazy  
Life ain't got to be so hard  
Oh, life don't have to be so hard  
No it don'tWant to stop and smell the roses  
I don't want to run  
Want to catch up on the talkin that we hadn't done  
The only big decision that I want to make  
Is do we take this conversation down to the lake(chorus)  
Or do we sit down in the porch swing  
Sip a little ice tea  
Play with the kids in the yard  
Hey it's time to get lazy  
Had enough crazy  
Life ain't got to be so hard  
Oh, life don't have to be so hardMore time with you less time for worry  
More slowing down less in a hurry  
(chorus)  
So we can sit down in the porch swing  
Sip a little ice tea  
Play with the kids in the yard  
Hey its time to get lazy  
Had enough crazy  
Life ain't got to be so hard  
Oh, life don't have to be so hardNo it don't baby
