

Get Me (feat. Kehlani)

Justin Bieber

Oh, you don't compare, don't fit in with 'em, do you get me?
Judgin' by the way you open up, you're gettin' me
Ooh, out of this world, hands on, baby, now you're seeing me
Lookin' at the way we're blendin' in, you're gettin' me
Ha-ha-ha, you're gettin' me
See, you're lookin' beyond the surface
Can tell by the questions you're asking
You got me low-key nervous
It feels like we're on the same wave, yeah
Never intended to relate, I mean, what are the chances?
Never thought I'd connect with you, not in these circumstances
Oh, you don't compare, don't fit in with 'em, do you get me?
Judgin' by the way you open up, you're gettin' me
Ooh, out of this world, hands on, baby, now you're seeing me
Lookin' at the way we're blendin' in, you're gettin' me
Ha-ha-ha, you're gettin' me
Ha-ha-ha, you're gettin' me
Ooh, there's so much chemistry
Like a chemist how you finishin' my sentences
In the centre, no, we can't deny the synergy
How 'bout reapin' all the benefits? Yeah
Never intended to relate, I mean, what are the chances?
Never thought I'd connect with you
Not in these circumstances, no-whoa-oh-oh
Ooh, you don't compare, don't fit in with 'em, do you get me?
Judgin' by the way you open up, you're gettin' me
(Yeah, you really get me, ooh, ooh)
Ooh, out of this world, hands on, baby, now you're seeing me
(Ooh, that's why you seen me)
Lookin' at the way we're blending' in, you're gettin' me
(Ooh, you really get me)
Ha-ha-ha, you're gettin' me (ooh)
Ha-ha-ha, you're gettin' me (yeah)
Oh You're gettin' me, yeah
You're gettin' me, yeah-yeah
You're gettin' me, yeah
You're gettin' me, yeah-yeah
