

# Nobody

Selena Gomez

No heart, no hands, no skin, no touch  
Can get me there, nowhere enough  
To love me like you do  
To love me like you do  
No kiss, no lips, no feel, no rush  
Can keep me high I swear no one  
Can love me like you do  
Can love me like you doohh  
Nobody's gonna love me like you  
Nobody, nobody  
Nobody's gonna love me like you do  
Like you, ohhh  
Nobody's gonna love me like you  
Nobody, oh nobody oh  
Nobody's ever loved me to the truth, like you, uuh  
Nobody's gonna love me like you  
Nobody, nobody  
My oxygen can barely breathe  
My darkest sin erase beliefs  
And it's all because of you  
All because of you  
Not know what it is  
But you pull me in  
No one compares, could ever begin to love me like you do I wouldn't want them to  
Cause nobody's gonna love me like you  
Nobody, ohh nobody ohh  
Nobody's gonna love me like you do  
Like you, uh  
Nobody's gonna love me like you  
Nobody, ohh nobody ohh  
Nobody's ever loved me to the truth, like you  
Nobody's gonna love me like you  
Nobody, nobody  
I don't want nothing else  
Not when I've had the best  
I don't want nothing else Cause you've showed me the best  
Nobody's gonna love me like you  
Nobody, ohh nobody ohh  
Nobody's gonna love me like you do  
Like you  
Nobody's gonna love me like you  
Nobody, ohh nobody ohh

Nobody's ever loved me to the truth, like you, uhh  
Nobody's gonna love me like you, uh  
Nobody, nobody uh
