

# In the Waiting Line

## Zero 7

[Verse 1]

Wait in line  
'Til your time  
Ticking clock  
Everyone stop

Everyone's saying different things to me  
Different things to me  
Everyone's saying different things to me  
Different things to me

[Pre-Chorus]

Do you believe  
In what you see?  
There doesn't seem to be  
Anybody else who agrees with me

[Chorus]

Do you believe  
In what you see?  
Motionless wheel  
Nothing is real  
Wasting my time  
In the waiting line  
Do you believe  
In what you see?

[Verse 2]

Nine to five  
Living lies  
Everyday  
Stealing time

Everyone's taking everything they can  
Everything they can  
Everyone's taking everything they can  
Everything they can

[Pre-Chorus]

Do you believe

In what you see  
There doesn't seem to be  
Anybody else who agrees with me

[Chorus]

Do you believe  
In what you see?  
Motionless wheel  
Nothing is real  
Wasting my time  
In the waiting line  
Do you believe in  
In what you see?

[Bridge]

Ah and I'll shout and I'll scream  
But I'd rather not have seen  
And I'll hide away for another day

[Chorus]

Do you believe  
In what you see?  
Motionless wheel  
Nothing is real  
Wasting my time  
In the waiting line  
Do you believe in  
In what you see?

[Outro]

Everyone's saying different things to me  
Different things to me  
Different things to me  
Different things to me  
Different things to me  
Everyone's taking everything they can  
Everything they can
