

Eden

NoMBe

[Verse 1]

Love, is it too late to let you in?
Trade all your love for sins
I'm ready to repent
Take, if all requests are genuine
Take me back and hand me wings
Just like a cherubim

[Pre-Chorus]

And as you push me away
Forget how I used to pray

[Chorus]

Love, we're far from Eden
But I like it, truth be told (truth be told)
Babe, I'm such a heathen
In just the right way
There's room to grow (there's room to grow)

[Post-Chorus]

Oh-oh-oh-oh, oh-oh-oh
Oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh, oh-oh-oh
Oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh, oh-oh-oh
Oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh, oh-oh-oh
Oh-oh-oh-oh, oh-oh

[Verse 2]

Love, is it too late for us to mend?
I treated sermons like a prank
Guess I could stay for a drink
Ooh, I take another pill
Cause I love the way it feels
But there ain't nothing like the real thing

[Pre-Chorus]

And as you push me away

Forget how I used to say

[Chorus]

Love, we're far from Eden
But I like it, truth be told (truth be told)
Babe, I'm such a heathen
In just the right way
There's room to grow (there's room to grow)

[Post-Chorus]

Oh-oh-oh-oh, oh-oh-oh
Oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh, oh-oh-oh
Oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh, oh-oh-oh
Oh-oh-oh-oh, oh-oh
Oh-oh-oh-oh, oh-oh-oh
Oh-oh-oh-oh, oh-oh

[Bridge]

No, it's not enough (it's not, it's not enough)
It's not enough (it's not enough)
No, it's not enough (it's not, it's not enough)
It's not enough (it's not enough)

[Outro]

Babe, I'm such a heathen
In just the right way
There's room to grow (there's room to grow)
There's room to grow
There's room to grow
There's room to grow
There's room to grow
There's room to grow (in just the right way)
