

Anything She Says (feat. Seaforth)

Mitchell Tenpenny

She says
she likes to dance She loves to make friends with
my friends She don't give a damn what anyone thinks
When she says she gonna, maybe wanna get drunk
Get waffles at two in the mornin'
If she want it, yeah she got it
'Cause she got me like that I would wreck all of my plans
Drive until we hit the sand
Catch a sunburn while she tans
I would do, I would do
I'd do whatever she likes
Give her Christmas in July
She ain't gotta tell me twice
I would do, I would do anything
She says she likes it when
I hold her hand
While they're watching
Yeah, all eyes on us
She got all of my attention
She knows I'm always listening
Hangin' off her lips, yeah
'Cause she got me like that I would wreck all of my plans
Drive until we hit the sand
Catch a sunburn while she tans
I would do, I would do
I'd do whatever she likes
Give her Christmas in July
She ain't gotta tell me twice
I would do, I would do anything
Anything she says
Oh, anything she says I would up and take a chance
Have a talk with her old man
Put a diamond on her hand
I would do
I'd do anything, yeah I would wreck all of my plans
Drive until we hit the sand
Catch a sunburn while she tans
I would do, I would do
I'd do whatever she likes
Give her Christmas in July
She ain't gotta tell me twice
I would do, I would do anything Oh, anything she says

Oh, anything she says She says (Just tell me what)
(Just tell me what to do)
She says (Just tell me what)
