

Whiplash

Selena Gomez & The Scene

Oh baby moonlight
Hits the spotlight
I'm on my flight
To take you away.
I'm feelin' so free
You're makin' me crazy
That's what you do
That's what you do
Let's go now!
Lickety split
A girl in a pit
She falls in a pit
Say hello darling
Twisted insanity
Fallen humanity
All I want is some tranquility
Do you hear me?
Do you hear me?
Well come on boy!
Well come on!
And take me to the other side
I'm gon' away
When I look into your eyes
I'm so in love
I think I'm gonna crash
And get whiplash, whiplash, whiplash
It's up to you
And I don't wanna give you clues
We're movin' fast
I think we got enough to lose
So don't look back
Or else we're gonna crash
And get whiplash, whiplash, whiplash Like a first kiss
With a sweet list
Of some love songs
Oh yeah!
And with this melody
Falling over me
It makes me weak
So damn weak
So let's go now Lickety split
A girl in a pit

She falls in a pit
Say hello darling
Twisted insanity
Fallen humanity
All I want is some tranquility
Do you hear me?
Do you hear me?
Well come on boy!
Well come on!
And take me to the other side
I'm gon' away
When I look into your eyes
I'm so in love
I think I'm gonna crash
And get whiplash, whiplash, whiplash It's up to you
And I don't wanna give you clues
We're movin' fast
I think we got enough to lose
So don't look back
Or else we're gonna crash
And get whiplash, whiplash, whiplash La la la la la la la
La la la la la la la
La la la
Oh yeah! La la la la la la la
La la la la la la la
So lets go now! Well come on!
And take me to the other side
I'm gon' away
When I look into your eyes
I'm so in love
I think I'm gonna crash
And get whiplash, whiplash, whiplash, It's up to you
And I don't wanna give you clues
We're movin' fast
I think we got enough to lose
So don't look back
Or else we're gonna crash
And get whiplash, whiplash, whiplash
