

# Do It All for You

Alan Walker & Trevor Guthrie

I'll take it up an elevation  
I'll stand on the highest peak  
You'll never doubt my dedication  
I'm here 'til eternity  
Every time you order me  
I'm gonna show you who I work for  
With you, it's like I'm on vacation  
I'm right where I want to be  
Everything I do, yea, I do it for you  
You'll never build a wall that I can't break through  
Inside you know, this heart is true  
I'll do it all for you, oh  
Now friends may come between us but  
In time I'll prove  
I do it all for you  
I do I'll take it up an elevation  
I'll stand on the highest peak  
You'll never doubt my dedication  
I'm here 'til eternity  
Every time you order me  
I'm gonna show you who I work for  
With you, it's like I'm on vacation  
I'm right where I want to be  
Everything I do, yea, I do it for you  
You'll never build a wall that I can't break through  
Inside you know, this heart is true  
I'll do it all for you, oh  
Now friends may come between us but  
In time I'll prove  
I do it all for you  
I do
