

Hold On & Believe (feat. The Federal Empire)

[Martin Garrix](#)

I thought my heart was gone
After I lost it all
Felt I was falling down
Still I chose to be proud
Until I hit the ground You got me back on my feet again
You said that lovers come and may go
You said that time will pass
But I'll stay your friend
I'll help you up when you feel alone I was lonely
But after all, you told me I'd be okay
'Cause friends are worth a whole lot more than money
Hope that everyone has felt like me
Can hold on and believe
I was lonely
But after all, you told me I'd be okay
'Cause friends are worth a whole lot more than money
Hope that everyone has felt like me
Can hold on and believe I started looking back
At all I used to have
I'd never felt so low
Where did everyone go when I need them most? You got me back on my feet again
You said that lovers come and may go
You said that time will pass
But I'll stay your friend
I'll help you up when you feel alone
I was lonely
But after all, you told me I'd be okay
'Cause friends are worth a whole lot more than money
Hope that everyone has felt like me
Can hold on and believe I was lonely
But after all, you told me I'd be okay
'Cause friends are worth a whole lot more than money
Hope that everyone has felt like me
Can hold and believe
