

# Does She Know

Astrid S

[Verse 1]

On my way to your house  
Sneakers in the snow  
I only wanna see her  
And my thoughts are so loud  
'Cause I just wanna know, are you gonna keep her?

[Pre-Chorus 1]

Only call you faded  
Sorry, I know you hate it  
Probably shouldn't say this  
But it hurts to bite my tongue

[Chorus]

Does she know that you held me in the dark?  
Does she know that I had you from the start?  
Does she know that the bruises never change?  
My marks are on your heart  
I had you from the start  
Remember?

[Post-Chorus]

Ah-ah-ah-ah  
Ah-ah-ah  
Does she know?  
Ah-ah-ah-ah  
Ah-ah-ah

[Verse 2]

Holding water in my hands, but it never lasts  
Slipping through my fingers  
Think I held on too tight  
Cutting off the blood  
You don't feel a thing 'til it hurts

[Pre-Chorus 2]

Only call you faded  
Sorry, I know you hate it, oh  
Probably shouldn't say this

But I'm done biting my tongue

[Chorus]

Now, does she know that you held me in the dark?

Does she know that I had you from the start?

Does she know that the bruises never change?

My marks are on your heart

I had you from the start

Remember?

[Post-Chorus]

Ah-ah-ah-ah

Ah-ah-ah

Does she know?

Ah-ah-ah-ah

Ah-ah-ah

[Outro]

Does she know?

Does she know? (Does she know?)

Does she know that you held me in the dark?

Does she know that I had you from the start?

Does she know that the bruises never change?

My marks are on your heart

I had you from the start
